10:10 Bible Study: **1 Peter 1.1-12** (Scott)

*MAIN POINT: God allows us to suffer so that our faith may be refined, experiencing a living hope (v.7).*

Open <sup>(2min)</sup>

- Have you ever stayed up way late talking about something? What was it?
- That's what I want our Sunday mornings to feel like. We will split College next week for the rest of summer, but can we get that feel right now?

Read 1 Peter 1.1-12 – student

Read again on your own, slower and to understand  
(SG = 2-3 students)

1. What do we know about the people to whom Peter is writing? (vv.1-2) What if "...in the world" was taken out?
2. Why is Peter praising God? (new birth – living hope – resurrection – inheritance)
3. What are these believers going through? Why? (Roman empire, Nero)
4. SG – why does God allow us to suffer? Share. (my thoughts: God allows us to suffer because He cares more about our faith (greater worth than gold) than our happiness.
5. What happened to Peter's readers when they suffered? *List on board:* Faith refined, Love for Christ, Joy, Living Hope, Experiencing God's shield, Thinking more of heaven (where inheritance), God is praised
6. SG – Would you be willing to suffer for these things to happen? Are we missing something in American when we rarely suffer for Christ? Share.
7. SG – How could these verses help you through a hard time now or in the future?

10:45 Close in Prayer – student

*"To transform religious and irreligious students into Fully Devoted Followers of Christ."*
